

PixelFrame – Photography Studio

OBJECTIVE:

Build an attractive Photography Studio webpage using HTML and CSS with a premium dark and gold themed design for showcasing photography services.

REQUIREMENTS:

1. Header Section with Photography Studio Name
2. Photography Service Cards for Wedding, Portrait, and Cinematic Photography
3. Photography Images for Each Service
4. Special Offers and Service Promotions
5. Price Display using `<del>` and `<ins>` Tags
6. Styled Content Cards with Dark and Gold Theme
7. HTML Text Formatting Tags Usage such as `<strong>`, `<em>`, `<u>`, `<mark>`, `<small>`, `<del>`, and `<ins>`
8. Use Basic CSS Properties such as colors, spacing, borders, border-radius, text alignment.
