

Savorix Holidays

Travel Packages Website

OBJECTIVE:

Build a simple Travel Packages Website using HTML Semantic Elements and CSS with Flexbox and semantic tags.

REQUIREMENTS:

- Header Section with Brand Name
- Navigation Bar
- Two Travel Package Sections (Goa & Kashmir)
- Destination Images
- Main Section using display:flex
- Aside Section with Why Choose Us & Travel Tips
- Apply background colors, margins and padding
- Professional Footer Section
- Use Semantic Tags: header, nav, main, section, aside, footer
- Deploy on Netlify
