

Lumora Studios

Movie Streaming Website

OBJECTIVE:

Build a responsive Movie Streaming webpage using HTML semantic elements and CSS with an attractive dark-themed interface.

REQUIREMENTS:

1. Header Section with Website Name and Tagline
2. Navigation Bar (Home, Movies, Series, Contact)
3. Movie Cards for Featured Movies
4. Movie Posters
5. Movie Description and Ratings
6. Trending Movies Section
7. Blockquote for Movie Quote
8. Semantic HTML Elements (header, nav, main, section, aside, footer)
9. CSS using Background Colors, Flexbox, Margin and Padding
10. Professional Footer
